To All Our Valued Clients

Please note the following information and updates

HAZARDOUS CARGO

A reminder of Hazardous Cargo requirements - In addition to being provided with a copy of either the EPG or MSDS for hazardous cargo, it is a requirement set in place by Vic Roads that all drivers hold a completed Dangerous Goods Shipping Document detailing hazardous information whilst carting dangerous goods. Information required is UN, Class, PKG Group, quantity of packages, volume per package, type of packaging and weight. The same information that is required to complete an MO41 (a copy of the MO41 would suffice in lieu of the Dangerous Goods Shipping Document). We have attached a copy the Dangerous Goods Shipping Document for your. Please complete and upload for each hazardous container.

ONLINE SERVICES

Did you know that our online Gateway can provide a Delivery Summary for all your containers? This report can be located under the inquiry tab on the website. It gives a snapshot of all your bookings. The report will save you time as you can provide instant, real time information to your clients, without having to request information from us. If you would like further information on this or other reports available, please do not hesitate to contact us.

As always, please contact our "Customer Service Team" either by
